25 October 2018

Dear Parents and Carers of Year 5/6 students

On Tuesday 13 November there will be an information evening for Florey Primary year 5/6 parents and carers about Puberty and Personal Development. The information evening is presented by Sexual Health and Family Planning ACT (SHFPACT) and will be held in the school library from 5:30pm – 7:00pm.

Sexuality and relationships education is a lifelong learning process and we believe parents and carers are the primary sexuality educators of their children. During a parent information evening SHFPACT will discuss sexuality and relationships education – what it is, what it is not and why it is important both in schools and in the home. SHFPACT will address some common concerns parents hold, discuss effective communication strategies and provide practical tips for supporting your child through puberty and beyond.

The year 5/6 health program follows a two year cycle. In 2019 the program will cover curriculum content of puberty and personal development that includes:

- Developmental changes for both boys and girls
- Development changes for boys only
- Developmental changes for girls only
- Physical and emotional aspects of human development

If you are able to attend the parent/carer information evening please return the slip below to your classroom teacher (or front office) by Monday 12 November. Alternatively, you can email myself directly at adam.chad@ed.act.edu.au. Please note that there is no cost to families for this information evening.

Feel free to contact myself if you have any questions or comments.

Kind regards

Adam Chad - (Executive teacher / PACT Health team leader)

Sexual Health and Family Planning ACT (SHFPACT)
